

# PIT LANE REGULATIONS

- ✓ View Fueling Safety Video at <http://bit.ly/LuckyFuel>
- ✓ Must have a 10LB ABC **fire extinguisher** & 10LB bag litter
- ✓ A metal or sturdy, chemical-resistant, vacuum-formed plastic **catch pan** (min. 3" lip, holds min. 1+ gallon of liquid)
- ✓ Car must come to a **complete stop** before crew, tools, or fuel jugs go over the wall. One 5-gallon fuel jug at a time over the wall. **DO NOT JUMP IN FRONT OF YOUR CAR; car must be fully stopped.**
- ✓ **No staging** of fuel jugs, crew or tools on OR over the wall. Max 5 people over the wall at a time, includes driver.
- ✓ On pit lane, never ever have your back to the track.
- ✓ Those involved in fueling must wear a Nomex driver suit, gloves, leather or race shoes & full-face helmet, **shield down!**
- ✓ Once **gas cap** is removed, **no working on car!** No cleaning lights or windshields, no cool suits, no tire temps/pressure, no GoPro's, etc.
- ✓ **DRIVER MUST BE OUT OF CAR DURING FUELING!**
- ✓ All engines & electrical **kill switches must be OFF** during fueling
- ✓ One crew member must **intently manage the fire extinguisher** & be stationed on hot pit lane (not over the wall from the cold pits) no less than 10' & no more than 15' from vehicle fuel point. Extinguisher must be pointed at fuel opening as long as the cap is off.
- ✓ During **Red Flag**, no working on car. All work must come to a complete stop, including fueling. Replace gas cap on car until advised otherwise by pit marshals.
- ✓ **All repairs over 30 minutes** time must be completed in paddock
- ✓ Pit Lane speed is **25 mph** (2000 rpm or 2<sup>nd</sup> gear)
- ✓ **ALL FUELING VIOLATIONS & SPILLS WILL RESULT IN A CAR TOP HAT & A VISIT TO THE DOG HOUSE!** Chief Race Steward, Technical Director & Dog House Bulldog have final word 😊
