Welcome [NecksGen](#) as the WSIR event sponsor and the "**Official Head & Neck Restraint System**" of Lucky Dog Racing League! Safety is extremely important—especially when it comes to your head-and-neck in a frontal or offset impact. The folks at NecksGen recently released their newest version of the head-and-neck restraint—the NecksGen **REV2 Lite**. The REV2 Lite is a compact, lightweight restraint system designed to be extremely effective at controlling the head and neck in crashes where the driver sees big negative g-forces. Weighing in at only 1.2 lbs. / 550 grams, the REV2

LITE adds a clever new adjustable tether system, rubber grip friction pads to help you feel locked in your seat better, higher belt guides to keep everything locked in place and for multiple impact situations. The shoulder pads are improved, and as an exclusive new feature, the REV2 LITE comes with free re-certifications. Quick release helmet hardware is included! **10% discount using code 'LuckyDog10'** Thank you to owner Lucky Dog racer #333 Occupy Pit Lane and NecksGen owner Kevin Heath! ***NECKSGENS CAN ALSO BE RE-CERTIFIED, [CLICK HERE](#)***
