CHECKER FLAG Race Part 1 of 2

Church / Lunch Break / Parc ferme: Teams will park their cars in position order on pit lane adjacent to the front straight track wall (NOT YOUR PIT STALL). At this point, all cars are parc fermé and cannot be touched or worked on for any reason including tire temps/pressure, cleaning windows/mirrors/lights, cooling shirt system servicing, GoPro adjustments, etc. However, you will be allowed to cover your car if it's raining. You can resume fueling or working on your car once racing has resumed and **you have taken at least one green flag lap**; you can then return to your pit stall or the paddock. Parc fermé, literally meaning "closed park" in French, is how Lucky Dog manages this 1-hour break in the middle of the race; it's simply like pushing the pause button in the middle of the race. **Note that pit lane will NOT close early prior to 11:00am; however, all teams must serve their mandatory 2-hour pit stop for 5 minutes either before the break or just after you have taken one green flag lap. TEAMS CHOOSING TO GO TO THEIR PITS OR PADDOCK during the break will not be able to rejoin the race until 10 minutes following the first green flag lap.**

UPDATE Door Number Panels: Lucky Dog has sourced an online number panel self-service option for the series; **we will no longer be distributing free panel sets at races.** We are pleased to announce that [Lucky Graphics Solutions \(www.TeamLMS\)](http://www.TeamLMS.com), owned by one of our teams, is our "Official Decal Dawgs of Lucky Dog Racing League," providing quality laminated panels, driver names & trailer decals at a great deal! For this event, teams have the option of downloading [SOURCE ART FILES](#) to print themselves OR ordering them online via LDRL's preferred decal vendor above. Panels are 13.5"W x 18.5"W, three (3) are required (each door and the roof or hood for convertibles), and numbers are to be in Trade Gothic font (font file is provided for DIYs). ***Teams will continue to receive their Hankook windshield banners, small bumper number & series decal packs during Friday's Tech Inspection (which are required to be applied before entering the track).***

NEW TEAMS: PLEASE CONTACT US IN ADVANCE TO SECURE YOUR NUMBER by emailing Registration@RaceLucky.com.

CELEBRITY DRIVER RANDY POBST! Lucky Dog welcomes back pro road racer, Motor Trend Magazine track tester, TV commentator & SCCA World Challenge Champion GT "The Rocket" [Randy Pobst](#)! As a long-time supporter of grassroots endurance racing and Lucky Dog, Randy is available for a stint in your car to show you what it's really capable of doing! To keep it fair, we do have a "Randy Rule." He's limited to a 60 minute stint in your car for enduros & subject to the Too Fast/Super Dawg laptime. Email us at info@RaceLucky.com if you are interested or come sign-up at Race Central. It's a cool experience as you receive a special decal, he autographs your car and takes photos with your drivers. Perhaps a little bit of Rocket Dawg will rub off on your team. Drop Randy a note on his [Facebook](#) page and let him know the dawgs are excited to meet him! **#AllThingsRandy**

OTHER EVENT DETAILS

TEAMS ARE ALLOWED TO HAVE ONE (1) RV or TRAILER in the Main Paddock; all other trailers, transport vehicles and passenger cars must be parked in Overflow Parking as directing by track management. We have a lot of teams to accommodate in the paddock and on pit lane; we appreciate your flexibility, assistance & patience in advance as Lucky Dog visits this facility for the first time. We will be using pit lane & depending upon the size of the field, we may or may not be assigning pit stalls. Please obey fire lanes or risk being moved. When setting up your paddock space (not assigned), please be considerate of excessive use of RV awnings & canopies (maximum 10'x10' canopies)...we need to accommodate everyone!

Pit Lane/Paddock Speeds:

Pit Lane speed is 25 MPH, 2nd gear or 2000 RPMs. Paddock & Garage speed is 5 MPH. Obey posted speed limits – where not posted otherwise, speed limit is 15 mph on Perimeter Road. Speeding in either will result in a trip to the Doghouse for a meeting with Bulldog.

Pavement Care: No stakes of any kind may be driven into paved surfaces – care must be taken when vehicle jacks are used to prevent the jack from sinking into a paved surface (such as placing a large enough piece of wood under the jack so that the weight is distributed over enough area that the pavement will not get “dented”).

Track Garage Rentals: A limited number of garages rentals are available directly through the track.

Headlights: Headlights are not required but strongly recommend for inclement weather. Sunset is at 4:40pm.

Live Streaming: Will be available from the Lucky Dog website at www.RaceLucky.com or via a mobile device via Race Monitor, Red Mist & Mylaps SpeedHive apps. Also follow the race & teams LIVE on YouTube and RaceCapture/Podium. **If you are a team who plans to broadcast live, please let us know at info@RaceLucky.com so that we can help promote your team!**
