Race 3 of 4: Southern Endurance Cup

Friday & Saturday June 26-27, 2026

EVENT SCHEDULE

POSSIBLE HEAT ADVISORY & DRIVER STINT LENGTH:

- 1) IF WE ENCOUNTER very hot weather, we will be going to one (1) hour driver stints as a safety precaution (and not our normal 2 hour stints), which worked well at last year's event. However, 1) all cars must still come in for 5-minutes every two (2) hours; and 2) all fueling stops will still be 5-minutes. Driver changes only are not limited to 5 minutes unless you are serving your mandatory 5-minute stop every two (2) hours. We will continue to monitor the weather and notify teams if we need to go to one (1) hour stints.

REMINDERS for Track Damage, Health Insurance & Medical Transport:

- 2) Teams are personally responsible financially for any damage to Lucky Dog or racetrack property and assets that is caused directly or indirectly by your drivers/crew/guests.
- 3) All Drivers must have personal medical insurance in effect and Lucky Dog Enterprises LLC and Lucky Dog Racing League Racing is in no way responsible for any loss, injury or damage you sustain in the course of participating, driving, or attending one of our events.
- 4) If your drivers, crew, family or guests have a medical transport, VIR does charge a Ground Transport Fee that your team will be responsible for.

VIR TRACK REQUIREMENTS:

- 1) VIR does not allow two-piece fire suits; all suits over the pit wall must be single piece fire suits.
- 2) VIR is now requiring that all helmets be at least SA2020 (i.e., 2015 is not accepted).
- 3) VIR discourages bringing pets to the track. If pets are brought to the track, they must be on a leash at all times, controlled by the Owner/Handler. The Owner/Handler is responsible for providing their own waste-handling supplies and for cleaning up behind the pet at ALL times. Pets are not permitted in the False Grid, Pit Road, Restricted Areas, or any of VIR's buildings, concessions, or lodging facilities. Please do not leave pets in vehicles unattended. Service Animals are permitted in accordance with the ADA Disabilities Act.
- 4) Kids must be 18 & older to be on cold OR hot pit lane.

OTHER EVENT DETAILS

Other VIR Policies: VIR has additional policies that may not be covered in this event schedule; please review <https://virnow.com/about/policies/>. VIR SECURITY STAFF WILL BE IN THE PADDOCK ALL WEEKEND TO ENFORCE POLICIES.

Paddock/Pit Lane Speeds: The paddock is considered a live racetrack and as such, non-racing vehicles must provide the right away to all racecars at all times. Paddock speed is max 10 mph and strongly enforced. Pit lane max speed is 20 mph.

Tow Eyes: It is strongly recommended (and required for non-street-legal cars) that all vehicles have at least two (2) easily accessible and usable tow eyes on the front and rear of the car. They must not protrude dangerously from the car, and they must be accessible without manipulation of the bodywork or panels. They must be strong enough to support the weight of the car. If no tow eyes are available, the towing crew will hook onto other areas that may cause damage to the car. Neither the towing crew nor VIR is responsible or liable for that damage.

Fire Lanes: Fire Lanes in each Paddock (outlined in yellow) must remain clear at all times. This includes in front of Victory Lane and the "No Parking" lane in front of the Pagoda in the North Paddock and South Paddock Timing Tower.

CODE 35 PROCEDURES: When Race Control needs to dispatch Emergency Vehicles (EV), drivers will see all corner stations display a Yellow Flag and a Purple Flag with a white number '35' on it. The 'Code 35' flag may be used in lieu of putting out a safety car and allow EV to rapidly respond.

DRIVERS MUST:

STOP RACING.

NOT PASS OTHER CARS ON TRACK.

SAFELY REDUCE THEIR SPEED NOT TO EXCEED 35 MPH.

MAINTAIN THEIR SEPARATION FROM THE CAR IN FRONT OF THEM. FOLLOW THE DIRECTIONS OF THE CORNER MARSHALS.

YIELD THE RACING SURFACE TO ALL EMERGENCY VEHICLES.

RESTARTS: At the conclusion of a 'Code 35' incident and to resume racing, drivers will see the Yellow and Purple '35' Flags replaced with a Waiving Green Flag at all stations.

SPEEDING PENALTIES: All lap times during a Code 35 incident will be recorded by Timing & Scoring. Teams exceeding the required 35 MPH limit will receive a Black Flag and a Speeding Penalty after racing has resumed. Drivers who do not maintain

separation may be penalized the same as speeding. Any car on Pit-Road before a 'Code 35' begins may complete their pit-stop and re-enter the race. AUTHORITY: VIR Track Management.

Vehicle Testing: No testing of vehicles or fast driving is allowed outside of designated areas such as the Grand, Full, North, South, and Patriot Courses and the Skidpad (as well as neighboring public roads). Violators will be expelled from the track without a refund.

Fuel: VIR has an exclusive relationship with Sunoco Race Fuel. Track Renters and their participants shall not bring any other fuels into VIR for sale without prior written permission from VIR. **Track Renters shall ensure their Participants do not bring 55 gallon drums or other fuel containers on the VIR Property unless they are empty and used at the Property for filling with fuel purchased at VIR.** The only exception is Participants are permitted to bring up to 20 gallons of fuel in acceptable containers to the track without penalty. Credits cards are the only form of payment accepted at the fuel pumps in the North Paddock. **For full scoop on track fuel, visit <https://virnow.com/about/policies/fuel/>.**

Asphalt Care: Pounding stakes or making holes in any asphalt surface or the use of paint or spray markings of any type on any asphalt surface, is prohibited. Offenders will be held liable for all damages and may be ejected and refused re-entry. VIR requests that anyone refueling in the paddock use a drip pan to catch spilled fuel. Any fuel spills on any paved surface must be immediately diluted with Cold Fire. Cold Fire can be obtained from EMS or Security Staff in the paddock. Immediate notification of fuel spills will not incur any fees for the application of Cold Fire. If you must temporarily raise a vehicle on asphalt or utilize landing gear with a trailer, you must have metal or wood under the jack and jack stands. **NO EXCEPTIONS!** Violators are subject to a \$500 fee per damaged/marked area. Receptacles for oil and coolant waste is available at the Tech Shed.

Camping: VIR allows camping in the paddock, including tents, RVs and [Premium RV](#) spaces (premium RV spaces must be reserved through the track). **BUT YOU MUST SECURE A PADDOCK PERMIT FOR EACH TRAILER/TRANSPORT VEHICLE/RV/TENT THAT IS USED FOR SLEEPING THROUGH LUCKY DOG for \$50 for the weekend via the Raceday Registration system or at Thursday's Registration.** **The paddock will be checked for your posted Paddock Permit.** This will allow teams to bypass having to get a permit from the track as you come through the front gate, expediting Paddock move-in. Note that camping fees do not include access to electricity that must still be purchased from VIR; see below. Please review VIR's Camping Policies at <https://virnow.com/wp-content/uploads/2024/03/2024-Camping-Policy-Final.pdf>.

Pit Lane & Paddock Power: Pit lane power is very limited; generators are recommended. Power must be reserved and paid through the track. Camping fees do not include access to electricity. VIR will issue an electrical "Power Band" this band is to be placed on the end of the electrical cord plugged into a VIR power source. Security will periodically check the power stations and will remove any power cord that does not have the proper power band. Contact the VIR office at 434-822-7700 Ext. 101.

Rented RVs Deliver to Track: If you are contracting or renting a RV/Camper and it will be delivered by a third party you will need to fill out the [RV Camping Form](#), so it can be expected and directed to the correct location/reserved space RV/Campers being delivered by a third party must have the site reserved and paid for in advance.

EVs are not permitted to charge at power poles or outlets located anywhere else on the property.
